Subject: Sarmathi k_Full Stack Developer(web/AI)

Dear Recruiter,

I am excited to apply for the Full Stack Developer. As a skilled Full Stack Developer with experience in UI, tools like HTML, CSS & JAVASCRIPT and UX, tools like Figma, Canva, Adobe Express, Framer and GitHub. I have created my own blog by using WordPress. I am confident that I can make a significant contribution to your team. Regarding AI Engineer, I possess knowledge in various testing methodologies of ChatGpt and a deep understanding of AI and ML concept.

I am proficient in Agile Scrum methodology, which enables me to develop high-quality applications while ensuring that they meet project timelines and requirements. Additionally, my excellent networking and team- working skills enable me to collaborate effectively with other developers, designers, to achieve project goals.

Furthermore, I am good at English and German, which I believe will be an asset in communicating with your German-speaking clients and colleagues.

I am confident that my technical skills, expertise in UX and UI tools, and knowledge of Agile Scrum methodology and AI technology make me a perfect fit for this position. Thank you for considering my application. I look forward to discussing my qualifications with you further.

Thank you for your consideration.

Yours sincerely
Sarmathi k
